

It is extremely aggravating to have people calling your house trying to sell items you don't need ... if I needed an item "I" will research it and go look for the item I have chosen.

Wisconsin's DO NOT CALL list has made answering the phone a pleasure once again, as I know the chance of having a telemarketer at the other end is extremely rare. DO NOT MAKE US USE A WEAKER LAW. 'DO NOT CALL' SHOULD MEAN DO NOT CALL AS SOON AS YOUR NAME IS ON THE LIST --- NOT 18 MONTHS LATER!!!
